**LAUREL GLENN**  
Penticton, BC • 250 490-0871

At age 16 I discovered a book on Palmistry and quickly learned it. I soon realized interpreting the hand's information was very accurate. It was fun and an easy way to make new friends. In my 20s while back-packing through Australia and New Zealand I read palms frequently but on return to Canada for some reason I stopped. Two years ago I returned to Palmistry as passionate as ever and wrote a workbook for my class.
